**True Aussie Lamb represents the Australian lamb industry globally and aims to educate and inspire home cooks and food enthusiasts on the USA's number-one source of high-quality, all-natural and sustainable lamb. Our Nordstrom chefs have created delicious and flavorful dishes featuring tender, mild-in-flavor Australian lamb for you to enjoy during this festive holiday season.**

## **AUSTRALIA IS THE #1 SOURCE OF QUALITY LAMB FOR THE U.S.**

The climate, country and natural grasslands make Australia the ideal place for sustainably raising animals naturally and humanely. At close to the same size as the continental U.S. but with 300 million fewer people, Australia has plenty of wide-open spaces for animals to roam free. In fact, there are more sheep than people Down Under! And because it's pasture-raised on natural grasslands, Australian lamb is delicious, tender and mild in flavor.

## **GREAT TASTE THAT WON'T GET TO YOUR WAIST**

Naturally lean, pasture-raised Australian lamb makes a delicious and healthy choice for racking up your high-quality protein needs, providing a host of essential nutrients and minerals for good health, including iron, zinc, omega-3 and B vitamins.

## **AUSTRALIA LEADS THE WORLD IN THEIR SUSTAINABLE PRACTICES**

For Australian lamb producers, care for animals and the environment are at the core of what they do and are critical to their success around the globe. Generations of family farmers continuously seek to lessen their impact on the planet, from their free-range grasslands all the way to your plate in the U.S. The Australian lamb industry is already climate neutral and will soon have a positive impact on the environment, where they'll be taking more carbon out of the atmosphere than they're putting in.

## VILLA ANTINORI

For more than 600 years, the Antinori family has produced exceptional wines that proudly celebrate its Tuscan and Umbrian roots. With vineyards planted in Italy's most prestigious areas—Chianti Classico, Bolgheri, Montalcino, Montepulciano and Orvieto—Marchesi Antinori stands as a leader among Europe's finest winemakers.

Antinori wines proudly honor Italian winemaking traditions, but also reflect a relentless push to innovate and experiment. From generation to generation, no other family of winemakers has achieved such consistent excellence.

## FEATURED WINES

### CHIANTI CLASSICO RISERVA

The first vintage of Villa Rosso Chianti Classico Riserva was made in 1928. The Villa Antinori Chianti Classico Riserva is ruby red in color. On the nose, this red wine offers notes of plum, cocoa, white pepper and eucalyptus. The palate is soft and vibrant, characterized by a savory, long finish. The wine's aromas come to life on the palate with fruit, spice and balsamic characters.

### TOSCANA ROSSO

Villa Antinori Toscana Rosso is deep ruby red in color. Its nose is intense and complex, defined by notes of wild berries, blueberries and black currants, and notes of toasted hazelnuts, spices and vanilla. A full-bodied palate is well-rounded with supple, velvety tannins and a long, savory finish. With the 2001 vintage, Villa Antinori became an IGT Toscana wine, allowing Antinori to have complete control of the winemaking process.

### TOSCANA BIANCO

Villa Antinori Bianco was first released with the 1931 vintage by Niccolò Antinori. Since release, the label has remained virtually unchanged. Villa Antinori Toscana Bianco is straw yellow in color with greenish hues. On the nose, this white wine is refined, elegant, fruity and floral with notes of bananas, pears, pineapples and orange blossoms. The palate is flavorful with a fresh mineral finish.
